	Malta	100.000	100%	5	Malta Armed Forces (MAF)	Malta	Aug 2016 Sept 2017	EPSILON
Description of the project						Type and scope of services provided		
						Epsilon Malta Ltd assists the AFM Project Team to prepare the tender documentation for the procurement of the new offshore patrol vessel, that involves: (1) Ensuring that the requirements of the AFM are fully captured and documented, review the Technical Requirement Specification (TRS) defining the principal technical and performance requirements of the vessel, its operation, its arrangements, and the regulations and standards to which it must be built, (2) Review of Request for Proposals (RFP) drafted by the Contracting Authority; leading to the final version of the RFP to be published. The Consultant shall provide his expertise in order to determine the final version of this RFP. This RFP shall determine the short listing of prospective bidders capable of building the OPV, (3) Assist the AFM to develop a draft Contract defining the Terms and Conditions surrounding the shipbuilding contract that will be finalised with the AFM legal team, (4) Assist the AFM Evaluation Committee during evaluation of tender offers, (5) Provide other such advice and assistance as the AFM may require during the project for the supply of a new OPV.
