Project Description						Type of Services		
 EPSILON and the Hellenic Mountaineering Association (EOS) produced under contract to the Hellenic National Tourism Organisation (EOT, GNT0) 24 mountaineering maps on scale 1:50.000 for the most significant mountains of Greece. The work is continued on a private basis for the Hellenic Falk Editions, with a production capturing all major mountains of Greece, including the E6, E4 and E31, 32 mountaineering trails. The project included: — Processing of conventional maps & use of satellite IKONOS technology for selected area. — Production of a digital database — Collection of mountaineering field data using Global Positioning System (GPS) and other classic technologies (e.g., GPRS, DGPS). — Implementation of the collected data into a GIS. — Correction of the digital information with the use of ortho-images and field data. — Aesthetic processing of digital information. — Production of descriptive information for the regions and the hikers in Greek, English, German — Production of the maps in 20.000 pieces for each map. — Digital incorporation of map products for PDA and FALK productions for commercialisation.						<u>Services-Deliverables</u> Production of prototypes and printed commercial maps for all 24 sites. <u>Key words</u> Epsilon, Greece, field data, DGPS/GPRS, Hellenic Mountaineering Association, EOS, Hellenic National Tourism Organisation GNT0/EOT, mountaineering maps, mountains of Greece, ortho-images, Rodopi, Olympus, Chelmos, Pindos, Hellenic Falk Editions. <u>For Information</u> EPSILON INTERNATIONAL S.A, MONEMBASIAS 27, 15125 MAROUSHI - GREECE ☎ +30-210-6898615 ☎ +30-210-6821220 ✉ central@epsilon.gr 🌐 www.epsilon.gr
